Transfer and Downgrading of Position F-1220

1. It is requested that position F-1220 (which is presently a GS-5, Information Control Clerk, in Information Control Staff, Office of Chief, Geographic Research) be deleted and re-established as a GS-4, Assistant Courier, responsible to Office of Chief, Geographic Research.

2. This change is requested because of a recent T/O change of authorization which deleted a GS-4, Clerk, F-1221 in the Information Control Staff, Office of Chief, Geographic Research. Future plans are to reassign incumbent who was on deleted slot to re-established slot in order to conform with position standards.
